EDUCATION

- **Dharmsinh Desai University** — Nadiad, India
  Bachelor of Technology - Information Technology; CPI: 8.98/10.0 — 2021 - 2025
  Courses: Data Structures, Analysis Of Algorithms, Operating Systems, Microprocessors, Networking, Databases

- **P.P. Savani High School** — Surat, India
  Class 12 - Science; Percentage: 91.17 — 2019 - 2021
  Courses: Physics, Chemistry, Mathematics

EXPERIENCE AND POSITIONS OF RESPONSIBILITY

- **Trakky - SDE Intern** — Remote
  Front-End Developer Associate — May 2023 - July 2023
  - **Role**: Developed the complete **user** and **admin** frontend utilizing industry-leading technologies such as React.js, MongoDB, Redux, and Material-UI. Implemented dynamic API calls from the backend server to ensure seamless functionality. **Resolved critical backend integration issues** while adhering to project deadlines.
  - **Responsibilities**: **Guided** and mentored a team of frontend interns, overseeing their workflow and providing solutions to any challenges they encountered. Maintained **code quality** standards and catered to diverse requirements of the employer. **Interacted with clients** to address user experience and interactivity concerns, effectively resolving issues to enhance overall satisfaction.

- **DuHacks2.0 Hackathon - Team Lead** — Onsite
  Front-End Developer — February 2023
  - **Project Course**: Created a marketplace between consumer and farmers to buy/sell fresh farm products and also provided farmers with productivity packages.
  - **Tech**: React.Js, CSS, PHP, HTML,Bootstrap.
  - **Outcome**: Secured 8th position among hundreds of teams particpated all around the country.

- **CodeChef DDU Chapter** — Onsite
  Member — April 2023 - Present
  - **Role**: I actively contribute to the growth and success of the chapter by participating in events, sharing knowledge, and fostering a supportive community of coders.
  - **Impact**: I create opportunities to enhance coding abilities, learn from peers, connect with like-minded individuals, and contribute to a vibrant coding community.

PROJECTS

- **Portfolio** — Github | Demo
  Tech: React.Js, CSS, HTML — February 2023
  A website to showcase my work, and experiences to the world.

- **FastTyping** — Github | Demo
  Tech: CSS, JavaScript, HTML — February 2023
  Website to test typing speed of a user, calculates WPM, Accuracy and mistakes count.

- **University Website**
  Tech: CSS, JavaScript, HTML. — December 2022
  Created University website depicting courses, testimonials, and facilities available in the university.

ALGORITHMIC PROGRAMMING ACHIEVEMENTS

- **71st Global Rank** in CodeChef - November Long 2022 Division 3 — Link
- LeetCode Max Ratings: **1590** and **320+** Problems Solved — Profile
- CodeChef Max Ratings: **1615** — Profile
- 50th Rank in University under GeeksForGeeks Practice Section — Profile
- **342nd Global Rank** in CodeChef - Starters 48 Division 4 — Link

SKILLS SUMMARY

- **Languages:** C++, Java, Solidity, JavaScript, SQL, Assembly
- **Frameworks:** React.Js, Bootstrap
- **Tools:** VScode, GIT, PostgreSQL, CSS, Figma
- **Platforms:** Linux, Web, Windows, Arduino
- **Soft Skills:** Leadership, Writing, Public Speaking, Time Management
